Subject: DVRPC Regional Trails Program Phase 8 Grant Awards

To: public\_affairs@dvrpc.org <public\_affairs@dvrpc.org>

Delaware Valley Regional Planning Commission,

I am the leader of "Friends of the Newtown Rail Trail". I became involved with this effort in 2016.

Attached is our petition of 1800 residents representing 1800 family's support. I also sent a summary write-up of largest initiatives that I feel turned the township supervisors in favor of supporting the Newtown Rail Trail.

I want to highlight that 100's of volunteers helped over the past 5 years to bring awareness to the Newtown Rail Trail. All Northampton Township Residents.

There are 40,000 people in Northampton Township and 3 of our 5 Supervisors needed to be in favor of the Newtown Rail Trail for its approval. In 2012 there was 1, in 2016 there were 2, and in 2020 the Newtown Rail Trail was approved 4-1. As public support grew over the years, the Supervisors support followed.

I live in Village Shires; a community of 4,000 people in Holland PA. on the North-East end of Northampton Township. This community was designed for commuting to Philadelphia via the Newtown – Fox Chase rail line. However, Septa discontinued train service in 1983. I am now on the Village Shires Board of Directors and look forward to working with the Bucks County Planners and the Township bringing access walkways, parking, and facilities to and from the community to the Newtown Rail Trail. I hope to transform the community to a trail town and a more active community. There are currently no parks or trails in Holland and this is a wonderful opportunity.

I want to thank the RTC and the DVRPC and the William Penn Foundation for considering the Newtown Rail Trail. I also want to thank the Buck County Planning Commission and the Northampton Township Steering committee for working together on bringing the "Northampton Township Master Trail Bicycle Facilities Plan" to our community.

**Response:** Thank you for your comment on the Newtown Rail Trail. Your comment was forwarded to the DVRPC Board, DVRPC's Office of Environmental Planning, and the project sponsor, Bucks County. Your support is appreciated.

**Comment/Question:**

*First comment, submitted 4/14 morning* - This trail will be a security and privacy concern for some of the home owners in east windsor? How is it even approved. It will be like folks walking in my backyard. My property line is not even 2 feet away from this trail. All the noise when this trail will be used. Is anyone going to think about homeowner?

*Second comment, submitted 4/14 afternoon* - I don't support this trail. A big security/privacy issue as it runs 2 feet away from my property line. Why don't you just have people bike on my property line?

**Response:** Thank you for your comment on the Union Transportation Trail. Your comment was forwarded to the DVRPC Board, DVRPC's Office of Environmental Planning, and the project sponsor, East Windsor Township.

East Windsor Township has requested funding through [DVRPC's Regional Trails Program](#) to support the design of the Union Transportation Trail. The Regional Trails Program provides capital funding and technical assistance to entities developing trails throughout Greater Philadelphia. As the project sponsor, East Windsor Township is responsible for all aspects of the design process. DVRPC recommends contacting East

Windsor Township to discuss specific concerns:

**Comment/Question:** Please approve all 14 regional trails projects. The Circuit Trails are an incredible asset to the region, whether you want a short walk/bike ride or a long one, free from vehicular traffic and suitable for all ages and abilities. If you've been out on a trail in the past year, you know how amazing they are. I have (you can read about some adventures on [exploringbybike.wordpress.com](http://exploringbybike.wordpress.com)) and am looking forward to more rides and fresh connections between trails. Thank you for supporting the Circuit Trails.

RE: DVRPC Regional Trails Program Phase 8 Grant Awards  
Newtown Rail Trail - Bristol Road to the Churchville Nature Center (design),  
Sponsor: Bucks County - \$238,800

DVRPC Board Chairman Mark Squilla, I hope all are well.

The Attached "bucks county pdf" is information I submitted to the Grant Selection &

Technical Committee's which I respectfully ask you to share with your board members. It demonstrates past practices of public participation of Northampton Township planning projects contracted to Bucks County Planning Commission. Unfortunately, these practices were completely ignored for Northampton's portion of the Newtown Rail Trail.

At the 4-6-21 Technical Committee meeting, A question was asked during public comment but not answered.

- 2016 Upper Bucks County Trail design and engineering cost were \$20,300 per mile.
- 2018 Upper Southampton Township's portion of the Newtown Rail trail design & engineering \$48,500 per mile
- 2021 Northampton Townships proposed portion of the Newtown Rail Trail \$166,000 per mile

Q. Why are the costs significantly higher for the proposed 1.5 mile (partial) Rail Trail in Northampton Township?

- The SEPTA right of way in Northampton is 4.5 miles.
- Bucks County's grant application is for 1.5 miles.
- DVRPC grant \$238k + Bucks County match \$60k Total \$298,000
- \$298,000 divided by 4.5 miles equals \$66,222 per mile

Q. Is the above referenced DVRPC grant for 1.5 or 4.5 miles? Is the DVRPC grant specifically limited to the 1.5 mile project as described in Bucks County's application?

lastly, I would ask to be recognized at the appropriate time for public comment with regards to approval of phase 8 regional trails program grant awards.

Best Regards

Joe Johnston

**Response:** Thank you for your comment on the Newtown Rail Trail. Your comment was forwarded to the DVRPC Board, DVRPC's Office of Environmental Planning, and the project sponsor, Bucks County.

Bucks County has requested funding through DVRPC's [Regional Trails Program](#) to support the design of the Bristol Road to Churchville Nature Center segment of the Newtown Rail Trail. The Regional Trails Program provides capital funding and technical assistance to entities developing trails throughout Greater Philadelphia. As the project sponsor, Bucks County will be responsible for all aspects of the design process.

Your correspondence with DVRPC staff during the selection process was shared with the Regional Trails Program selection committee for their consideration. In addition, comments you submitted to the DVRPC Regional Technical Committee (RTC) were shared with that body and those comments along with those made at the April 6, 2021

RTC meeting are part of the record.

Bucks County's proposed budget for design of the approximate 1.5-mile-long Bristol Road to Churchville Nature Center segment of the Newtown Rail Trail is \$298,800. The cost to design trails varies due to many factors, including, but not limited to, the incorporation of roadway crossings, the inclusion of drainage and other structures, and the specific permitting requirements related to the context or expected construction funding sources for the trail.

DVRPC recommends contacting the Bucks County Planning Commission to discuss specific concerns: <https://aboutus-bucksgis.opendata.arcgis.com/>.

RE: Submittal to DVRPC Grant Selection Committee for  
Bucks County, Pa 2020-2021 grant application for Northampton Townships  
portion of the Newtown Rail Trail.

Good Morning Mr. Legendre

As previously discussed it is permissible for private citizens to submit information to the DVRPC Grant Selection Committee with regards to their grant approval deliberations.

It will be greatly appreciated if you would foreword this cover letter plus the additional 3 pages marked as "Bucks County 2020-2021 DVRPC grant application: Newtown Rail Trail, Northampton Township." to the DVRPC Selection Committee.

Best Regard,

Joe Johnston

Many residents of Northampton Township, Bucks County are requesting that you decline Bucks County's application for an engineering grant for the Newtown Rail Trail within the Township of Northampton at this time.

As documented on page 2 below, the Northampton Township Master Trail Bicycle Facilities Plan of December 2019, which was adopted 2/26/20, was created in the darkness without public input or public progress updates. When the final 284 page Plan was made public, it was approved in 30 days with zero changes despite many questions and concerns raised at two short Northampton Supervisors meetings and one Bucks County Planners "Informal information session". Northampton's Board Chair intentionally broke normal protocol by not sending the Plan to Northampton's Planning Commission for additional scrutiny and approval. Subsequently, The Plan is not part of Northampton's Master Comprehensive Plan.

In contrast, the Bucks County Planning Commission (BCPC) also created Northampton's Holland and Richboro Village Master Plans. As documented on page 3 below, BCPC appeared 10 times at the publicly televised Northampton Township Planning Commission (NHTPC) meetings to give updates, answer questions and take feed back for both plans. NHTPC discussed among themselves at publicly televised meeting 7 times for both plans. Additionally, there were 2 Town Hall resident survey meetings and several untelevised public workshops open to the public. The meetings listed in this paragraph were properly advertised in advance.

In addition to the questionable procedural actions noted above, the Plan fails to capitalize on existing infrastructure, does not incorporate the "complete streets" model, fails to fully explain its safety rating criteria, discredits alternate routes around densely populated areas without scoring the alternate, unfairly compares the connective Newtown Rail Trail (NRT) to the stand alone 2.4 mile Radnor Trail while excluding over 250 miles of Bucks County Trails for comparison, inserts national data to support the NRT when its own County Open Space and Greenways Plan page 47 discredits the NRT because the line is not abandoned, and excludes Northampton's Comprehensive Plan where town hall resident surveys, taken as part of the Parks/Rec Plan & Holland / Richboro Village Plans, show connective trails ranked last or near last.

If protocol, open government and public participation are important to DVRPC, The William Penn Foundation and the grant approval process, then please withhold funding until Northampton Township's Master Trail & Bicycle Plan has been properly vetted by Northampton Township's Planning Commission and citizens, and placed into Northampton's Master Comprehensive Plan.

Thank you for your consideration.

NHT = Northampton Township

BOS = Board of Supervisors

PC = Planning Commission

BC = Bucks County

Plan = Northampton Township Master Trail & Bicycle Plan

NRT = Newtown Rail Trail within the Township of Northampton, aka Fox Chase-Newtown

BCPC & NHT Steering Committee (that included every NHT Supervisor) met six times. These meetings were not publicly advertised or recorded. Most disturbing, the record below will show, there were no public surveys at the onset, nor were there updates given during the creation of the Plan.
