# RSTF Action Items

- What is an action item?

A discrete task that an RSTF member can volunteer for

Can be as simple: make a connection between two organizations or research an issue and report back

Something new (not something already in your current workload) but manageable

Will help move the needle on traffic safety in the region.

- Action Items are available to [view](#) on the RSTF webpage
- If you would like to volunteer for an unclaimed action item, reach out to Kevin at [kmurphy@dvrpc.org](mailto:kmurphy@dvrpc.org)

# Action Item Spotlight

- Omar Al-Sheikh
  - Topic: Safety Data
  - Action: **Analyze data about driver behavior/speeds** during pandemic by comparing numbers of citations in areas with **automated enforcement cameras**.
  - Update: Completed analysis comparing Philly speeding and automated enforcement data to DC, an area with a much more robust automated enforcement program.
